Vision Essentials is available in select medical centers. Not all centers open on Saturday. Go to kp.org/2020 for locations and hours.

Kaiser Permanente members typically have coverage for medically necessary eye examinations as well as discounts on eyeglass lenses, frames, and contact lenses (initial purchase only) when purchased in a Kaiser Permanente Optical Center. Some members may be able to apply a supplemental benefit to their purchases. Members enrolled in an HSA-Qualified Deductible HMO Plan do not have coverage for vision discounts. Otherwise, the services and products described here are provided on a fee-for-service basis, and you are financially responsible to pay for them. For specific information about your health plan benefits, please see your *Evidence of Coverage*. This offer will be applied to your purchase after any discount(s) covered under your plan. This offer excludes all package pricing. Discounts do not apply when members use an optical benefit toward their purchase. Offer may not be combined with any other discounts or promotions. Exclusions and limitations apply. See your eye care professional for details.
