

Is your prescription single vision or multifocal?

1 Choose your lenses

SINGLE VISION

Best if you need either distance, intermediate, or near vision correction only

Standard

\$49

CONVENTIONAL LENSES

A good choice if you have a low prescription (less than +/- 2.00).

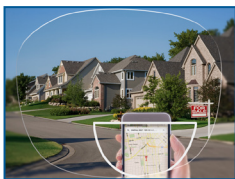

OR

MULTIFOCAL

Progressive lenses correct for distance, intermediate and near vision without visible lines

Standard Lined Bifocal or Trifocal

\$129

Visible lines divide the areas of different focus. Bifocals correct only near and distance while trifocals add intermediate focus.

Standard Progressive

\$129

Our Standard progressive lenses have good distance, intermediate and near vision.

Premium Progressive

\$219

A wider field of vision at near and intermediate than the Standard progressive.

Premium Plus Progressive

\$289

Recommended for high prescriptions (+/-4.00).

Photos are for illustration only.

2 Add thinner, lighter lenses

+\$0
Standard
Plastic

+\$30
Thin
Polycarbonate

+\$90
Thinner
High-Index 1.67

- Standard - Plastic (CR-39)** **+\$0**
 - A good choice if you have a low prescription.*
 - No UV protection.

- Thin and light - Polycarbonate** **+\$30**
 - Impact-resistant, good choice for children and active adults.
 - Provides UV protection.
 - Recommended for prescriptions from +/- 2.25 to +/- 4.50.

- Thinner and lighter - High-Index 1.67** **+\$90**
 - Provides UV protection.
 - Recommended for prescriptions +/- 4.75 or higher.**

*Trivex available **+\$60**

**Even thinner material available.

3 Add comfort and convenience

❑ Anti-Reflective

+\$50

Helps reduce reflections and glare for clearer, more comfortable vision.

Untreated lenses

Treated lenses

❑ Photochromic

+\$80

Adapts to light conditions. Indoors the lenses are clear. In sunlight, they darken.

Inside

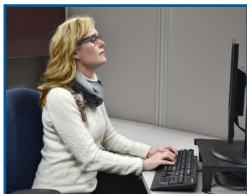

Outside

4 Select different eyewear for different needs

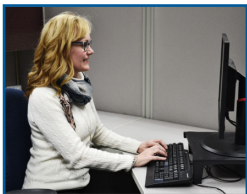

❑ Computer lenses

\$99

With a larger intermediate area, you no longer need to tilt your head back to see your screen.

Posture using conventional multifocal glasses

Posture using computer lenses

❑ Polarized sunglass lenses

+\$80

Built-in UV protection. Helps reduce glare from flat surfaces such as roads, water, and snow.

Peace of mind

□ All glasses from Vision Essentials come with:

- 30-day total satisfaction guarantee
- 90-day prescription guarantee

(both guarantees begin on the date you first receive your glasses)

□ Protection & Savings Plan for Eyeglasses **\$25**

This two-year agreement allows you to replace your eyeglasses at 50% off the retail cost if broken, and receive a 25% discount on additional pairs of glasses.

Kaiser Permanente members typically have coverage for medically necessary eye examinations, and some members, including those members with the pediatric vision benefit under their Affordable Care Act plan, may be able to apply a supplemental benefit to their purchases. Otherwise, the services and products described here are provided on a fee-for-service basis, separate from and not covered under your health plan benefits, and you are financially responsible to pay for them. For specific information about your covered health plan benefits, please see your Evidence of Coverage. Photos of models shown, not actual patients.
