

Find Your Perfect Pair

- **Make an appointment**
to shop for glasses & contacts
- **Choose your frames**
Frames starting at \$20
- **Choose your lenses**
Complete single vision pair
+ anti-glare starting at \$99¹

1. CHOOSE YOUR LENSES

Single Vision

Best if you need either distance, intermediate, or near vision correction only.

Standard Plastic **\$49**

Most Popular² **\$79**

- Polycarbonate lenses
- Anti-reflective treatment
- 100% UV protection
- Sunglass lens (optional)

²Add polycarbonate lenses and get anti-reflective coating at no charge for single vision lenses only (not including CR-39 or glass lenses). For sunglass lens, tints included are green, gray, and brown (custom tints excluded).

Computer Multifocal

With a wider view, you no longer need to tilt your head back to see your screen.

Plastic **\$99**

OR

Multifocal

Progressive lenses correct for distance, intermediate and near vision without visible lines.

Standard Lined Plastic Bifocal or Trifocal

\$129

Visible lines divide the areas of different focus. Bifocals correct only near and distance while trifocals add intermediate focus.

Standard Plastic Progressive

\$129

Our Standard progressive lenses have good distance, intermediate and near vision.

Premium Plastic Progressive

\$219

A wider field of vision at near and intermediate than the Standard progressive.

Premium Plus Plastic Progressive

\$289

Recommended for prescriptions higher than ± 4 D.

2. THINNER LENS OPTIONS

Standard - Plastic (CR-39)

- 4.00 D

+4.00 D

Trivex available + \$60

Thin and light - Polycarbonate +\$30

- Impact resistant
- Good choice for children and active adults
- Provides UV protection

- 4.00 D

+4.00 D

Thinner and lighter - High-Index 1.67 +\$90

- Provides UV protection
- Recommended for prescriptions higher than ± 5 D

- 4.00 D

+4.00 D

Note: Even thinner material available.

3. COMFORT & CONVENIENCE OPTIONS

Anti-reflective³ **+\$50**

Helps reduce reflections and glare for clearer, more comfortable vision.

³Included in single vision at no charge on all lens materials except for standard plastic (CR-39) and glass.

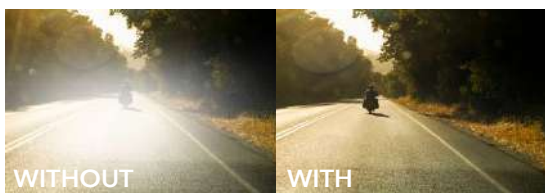

Photochromic **+\$80**

Lenses are clear indoors and quickly darken in sunlight.

Polarized **+\$80**

Built-in UV protection. Helps reduce glare from flat surfaces such as roads, water, and snow.

PEACE OF MIND

All glasses from Vision Essentials come with:

- 30-day total satisfaction guarantee
- 90-day prescription guarantee

Both guarantees begin on the date you first receive your glasses.

For \$25, get the Protection & Savings Plan for Eyeglasses. Get 25% off additional pairs of eyeglasses, 50% off retail cost to replace broken glasses, and more.

¹Choose from our \$20 frames and add polycarbonate lenses (\$79). Get anti-reflective coating at no charge for single vision lenses only (not including CR-39 or glass lenses).

Kaiser Permanente members typically have coverage for medically necessary eye examinations, and some members, including those members with the pediatric vision benefit under their Affordable Care Act plan, may be able to apply a supplemental benefit to their purchases. Otherwise, the services and products described here are provided on a fee-for-service basis, separate from and not covered under your health plan benefits, and you are financially responsible to pay for them. For specific information about your covered health plan benefits, please see your Evidence of Coverage. Photos of models shown, not actual patients. 2/2022 |
